

School Resource Scheme (SRS) 2026

This letter includes important information about the fees and inclusions for the SRS. Upon enrolment of your child, you have the option to participate in the SRS by completing a participation agreement form.

What is provided by the Queensland Government? The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings, internet), and administration (staff to run the school). Funding for schools does not extend to individual student resources such as textbooks, equipment for personal use, excursions, camps or incursion and many items used by the student in the classroom.

The SRS helps parents to source these resources. The school can purchase resources at lower rates due to its bulk buying power. Resources such as textbooks or musical instruments that will be used over a period of time are hired to students to further reduce costs for families.

Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school, and ensures that all students have access to the same standard of resources. The types of resources that will be included are:

- Owned by the student – e.g., all student stationery supplies – once provided, these items are retained by the student and used at their discretion.
- Hired to the student for a specific duration of time – e.g., textbooks, musical instrument, these items will need to be returned to the school in reasonable condition at the end of the hire period or if the student leaves the school.

Prep 2026 SRS is \$75.00

If you are not satisfied that the SRS fee represents good value for money based on the inclusions (over the page), you may choose not to participate in the SRS. If that is the case, please complete a new Participation Agreement Form, indicating that you no longer wish to participate.

Kind regards,

Racheal Jones
Principal
Grand Avenue State School
