### KLA Grand Avenue

**Year 6 Yearly Overview 2015**

#### Term 1 (10 Weeks)

**English (C2C)**
- Unit 1: Listening, viewing and summarising scenes
  - Students listen to, read and view a range of short stories on similar topics, including traditional stories and non-fictional material, using the strategies of reading and viewing scenes. They learn about traditional and non-traditional stories and compare and contrast them.

- Unit 2: Reading, viewing and summarising scenes
  - Students learn to read and view a range of short stories on similar topics, including traditional stories and non-fictional material, using the strategies of reading and viewing scenes. They learn about traditional and non-traditional stories and compare and contrast them.

**Maths (C2C)**
- Unit 1: Understanding decimals
  - Students develop an understanding of decimal place value, including the use of symbols for hundredths, tenths, and hundredths.

- Unit 2: Understanding whole number operations
  - Students develop an understanding of whole number operations, including addition, subtraction, multiplication, and division.

#### Term 2 (10 Weeks)

**English (C2C)**
- Unit 3: Examining advertising in the media
  - Students examine advertising in the media, including the use of persuasive techniques and the impact on consumers.

- Unit 4: Examining persuasive techniques in non-report writing
  - Students examine persuasive techniques used in non-report writing, including the use of rhetorical devices and the impact on audiences.

**Maths (C2C)**
- Unit 1: Data interpretation
  - Students interpret data presented in various forms, including tables, graphs, and charts.

- Unit 2: Using fractions to solve problems
  - Students use fractions to solve problems, including word problems and real-world applications.

#### Term 3 (10 Weeks)

**English (C2C)**
- Unit 5: Exploring literary texts by the same author
  - Students explore literary texts by the same author, identifying common themes and techniques.

- Unit 6: Examining persuasive techniques in non-report writing
  - Students examine persuasive techniques used in non-report writing, including the use of rhetorical devices and the impact on audiences.

**Maths (C2C)**
- Unit 1: Fractions and decimals
  - Students learn about fractions and decimals, including their equivalence and how to perform operations with them.

- Unit 2: Fractions and decimals
  - Students learn about fractions and decimals, including their equivalence and how to perform operations with them.
